Subject: Registration of warehouseman in case of non-individual entities – validity of registration – regarding.

Sir,

As all are aware, the registration in case of non-individual entities is a two steps process. First, it is the warehouseman which is to be registered after which a warehouseman ID is generated for the concerned warehouseman. Warehouseman registration is initiated and maintained by the Authorized Representative of the entity.

2. For a newly registered warehouseman, at least one warehouse shall need to be registered within one month of its registration to remain active. As regards, registered warehouseman having a number of warehouses registered under it, shall need to have at least one active warehouse.

3. In case an entity, whose warehouseman registration has been cancelled because of the reasons, explained above, wishes to register a new warehouse he will need to be first registered as warehouseman afresh and then proceed with registration of new warehouses under it. In such situation the old warehouseman ID shall stand cancelled and a fresh warehouseman ID shall be generated for the entity.

Yours faithfully,

(Ganesh A. Bakade),
Director(A&F).
