

Programmes to Advance Understanding of RTI [For Point 1.12(i), (ii) & (iii)]

(Section 26)

While there has been no specific training programs or awareness initiatives yet conducted by WDRA under Section 26 of the RTI Act, we understand the importance of such programs in fostering transparency and accountability and are committed to addressing this gap.

Plans are underway to design and implement training sessions and awareness programs aimed at enhancing the understanding of RTI among WDRA officers and employees, the CPIO/APIO and other stakeholders of WDRA.
