ADVISORY

A number of cases have been observed where multiple Warehouseman are operating with a common phone number. This is not a prudent practice and it increases the probability of intentional frauds happening in the registered warehouse.

Hence, all warehouseman and Authorized Representatives are advised the following:

1. Ensure that the mobile number furnished for registration/empanelment is unique to that WHM/AR and not shared with any other WHM or AR, unless arising from a disclosed and verified corporate/group relationship.
2. Proactively disclose, at the time of registration or renewal, any common ownership, control, or shared administrative contact details with any other WHM or AR.
3. Immediately intimate the concerned repository and WDRA of any change in mobile number or discovery of an inadvertent overlap.
4. Note that failure to disclose such overlap, if detected subsequently, may be treated as suppression of material fact and may attract action under the applicable Rules, Regulations, including suspension/cancellation of registration.

This advisory is issued in the interest of maintaining the integrity, independence, and transparency of the negotiable warehouse receipt ecosystem.

Warehouseman are provided a period of 15 days from the issue of this advisory to carry out the necessary changes.
